

Dhruv Chandak

Full Stack Developer

"I'm a second-year Computer Science Engineering student at The LNM Institute of Information Technology, Jaipur. I have a strong technical background and a passion for innovative solutions. I'm actively expanding my skills in software engineering and possess strong communication and leadership abilities."

Experience

Summer Intern

- Developed a dynamic project management platform where faculty can list projects and manage student applications. Students can register, apply for projects, and receive real-time status updates on their applications. The system streamlines project selection, application review, and decision-making processes for both faculty and students.
- Tech Stack: NextJS, TypeScript, PostgreSQL
- Features: Dynamic project listing, application portal, real-time status updates, streamlined application process.
- May-July 2024

Projects

Payments Application January, 2024

- Developed a payments application allowing users to transfer money to others and add funds to their own wallets, ensuring transactional atomicity through DBMS.
- Tech Stack: React, Express, NodeJS, TypeScript
- Features: Money transfer between users, Wallet fund addition
- [Project](#)
- [GitHub](#)

Real Time Video Communication May, 2024

- Tech Stack: React, TypeScript, WebRTC, WebSockets
- Features: Peer to peer RTC, Create Rooms, Turn on/off camera
- [Project](#)
- [GitHub](#)

Other Projects

- Real Time Video Communication (WebRTC, TypeScript) [Project](#)
- Carbon Footprint Calculator (MERN)
- Movie App (ReactJS)
- College Cultural Fest website - Vivacity
- In Top Participants of Hacktoberfest2023 (OpenSource)

Educational Background

The LNM Institute of Information Technology

Bachelors in Computer Science Engineering
Jaipur
2022-2026
CG: 7.27

Higher Secondary Education

Mount Litera Zee School
Nagpur
2020-2022
93%

Contact

Nagpur, Maharashtra

Skills

Technical Skills

- ReactJS, ExpressJS, NodeJS, NextJS
- Git/GitHub
- WebSocket, WebRTC
- PostgreSQL, MySQL, MongoDB
- Operating System, Computer Networks, System Design
- DSA, DBMS, OOPS

Programming Language

- C
- C++
- Java
- JavaScript/TypeScript

Languages

- English
- Hindi

Certification

- Google Cloud Computing Foundation
- MERN from Udemy
